

**PRODUCT BULLETIN****Super HD Brake Parts Cleaner Non-Chlorinated**

Product # 868

**CAM2 Super HD Brake Parts Cleaner Non-Chlorinated** is a cleaner designed to quickly remove brake fluid, grease, oil, and dirt from brake part. It can be used on brake linings, disk pads, drums, cylinders, and springs. It is quick drying and leaves no residue. Does not contain chlorinated solvents nor CFC propellants which are known to deplete the ozone. Safe for use on modern ABS brake systems

**FEATURES/BENEFITS**

- Effectively cleans brake linings, pads, cylinders, drums, rotors, and springs without disassembling
- May be used on drum, disc, or ABS brake systems
- High-pressure spray nozzle quickly blasts away stubborn buildups
- Very quick drying
- Leaves no residue
- No CFCs or Chlorinated Solvents

**APPLICATION/DIRECTIONS**

Spray directly on ABS, disc, drum, brake cylinders, brake drums, brake linings, brake shoes, calipers, clutch discs, disc brake pads, or discs. Safe for use on all brake systems including: Springs & Wedge brakes
