

CAM2® MAGNUM®

PRODUCT BULLETIN MAGNUM SAE 50

API SB

PRODUCT #177

MAGNUM SAE 50 Motor Oil is a general purpose motor oil that is formulated with select, high quality base oils. It is intended for use in non-critical gasoline engines operating under conditions which do not require a premium, high detergent motor oil. Magnum SAE 50 Motor Oil is recommended for use in older, worn engines with high oil consumption where an API service classification SB motor oil can be used.

APPLICATIONS

CAM2 MAGNUM Motor Oil may be recommended for light engines that call for a mineral non additive or lightly additized motor oil, compressors, AGMA Non EP Gear Oils, circulating oils and low pressure hydraulic systems.

TECHNICAL DATA

SAE GRADE	50
PRODUCT CODE	177
VIS @ 100C	17
VIS @ 40C	200
VIS INDEX	75 min
POUR POINT °C	-25
TBN	9
